ASSOCIATION OF PROFESSORS OF GYNECOLOGY AND OBSTETRICS (APGO)

EFFECTIVE PRECEPTOR LEARNING MODULE

Introducing a new CME learning module to provide preceptors in any medical discipline with practical tools for teaching and evaluating learners.

DEVELOPED FOR USE BY:

- UME & GME FACULTY
- COMMUNITY-BASED EDUCATORS
- RESIDENTS AS TEACHERS

MODULE INCLUDES:

- MONOGRAPHS + VIDEOS FOR CME

FACULTY DEVELOPMENT, ANYWHERE

Whether you’re a medical school faculty member, community-based educator or resident-as-teacher, APGO’s Effective Preceptor Series module offers preceptors – in any medical specialty – skills training to effectively teach learners. The mobile responsive platform enables access to the module from any device, giving you on-demand CME faculty development, wherever you work, teach and learn.

12 INTERDISCIPLINARY TOPICS:

- Introduction to preceptorship
- Providing educational feedback
- Asking the difficult questions in a patient encounter provides great teaching opportunities
- The preceptor and the curriculum
- What to do before the learner arrives
- Using the five microskills to improve teaching in the ambulatory setting
- Learner-centered education
- The hidden curriculum: what are you teaching?
- The preceptor and cultural competence
- Faculty development for the community-based preceptor: enhancement of teaching skills
- Effective operating room teaching
- Using the electronic medical record to precept medical students
